*How familiar are you with chronic absence?*
(Very familiar, somewhat familiar, new concept)
What is Chronic Absence?

Chronic absence is missing so much class time for any reason that a child cannot experience the full benefit of preschool or school. Attendance Works recommends defining chronic absence as **missing 10% or more of school or preschool for any reason.**

Chronic absence is different from **average daily attendance** (how many students show up to school each day) because it is child-focused and counts **all** absences.
Chronic Absence is Especially Challenging for Children from Low-Income Communities

✓ Children living in low-income communities are 4x more likely to be chronically absent in K than their highest income peers.

✓ Children in poverty are also more likely to lack basic, consistent health and safety supports (e.g. health care, transportation, stable housing, food, clothes, etc.) that ensure a child is more likely to get to school.

✓ The adverse impact of absenteeism on literacy development is 75% greater for these children than for their middle-class peers.

Lower Preschool Attendance = Lower Kindergarten Readiness Scores

Note: (1) The sample for these analyses include four-year-old students who took both the Woodcock-Johnson III at the beginning of the school year and the KRT at the end of the school year in 2010-11 (n=1,265); * p<.05; **p<.01; ***p<.001.
Multiple Years of Chronic Absenteeism = High Risk for low 3rd Grade Reading Skills

Note: ***indicates that scores are significantly different from scores of students who are never chronically absent, at p<.001 level. + In the DIBELS 6th Edition Assessment and Scoring Guide (Good & Kaminski, 2002), these are labeled as “Some Risk,” indicating the need for additional intervention and “At Risk,” indicating the need for substantial interventions.
Students who are chronically absent in preschool are five times more likely to be chronically absent in second grade.

Pre-pandemic: Average attendance rates can mask levels of chronic absence.

Attendance and Absenteeism for 4 Sites (Pre-Pandemic)

<td>74%</td>
</tr>
</tbody>
</table>
In Arizona, K-12 chronic absence has increased dramatically 2017-2022

Statewide Chronic Absence Rate

- FY 2017: 12%
- FY 2018: 14%
- FY 2019: 14%
- FY 2020: 8%
- FY 2021: 22%
- FY 2022: 34%
Head Start Performance Standards require providers to:

- Ensure a monthly attendance of at least 85%
- Track attendance for each child
- Implement strategies that promote attendance
- Engage families in understanding the benefits of good attendance
- Take action to address individual patterns of 10% absence
- Submit data on the number of enrolled children who were chronically absent (PIR)

In addition, under ESSA, states must report on chronic absence to the USDOE. 36 States plus DC included a chronic absence metric as part of school accountability.
Requires Nurturing a New Data Mindset

Expands focus from

Attendance = Compliance

to

*Attendance = Opportunity to Learn

*Attendance Data = Action Alert
III. Getting Your Data
Finding Reports in your Data Management System

Several major program management information systems offer Chronic Absence Reports building of a report originally created by Attendance Works:

✔ **ChildPlus** – In the “Attendance” section, see reports 2335 and 2336

✔ **COPA** – In the “Attendance & Meal Count” section, see reports 241 and 241S

✔ **myHeadStart (PROMIS)** – In the Manager’s Dashboard, locate “Chronic Absence” and click under the “Score” column
IV. Engaging Families Around Attendance: What Can We Do?
Solutions must reflect an understanding of why children are absent

Reflection

How does this relate to what you see and experience in your own program?

(Write in chat)
Invest First in Prevention, Engagement and Early Intervention

**TIER 1**
- Create a warm, welcoming preschool climate
- Celebrate good and improved attendance
- Convey the value of attendance to school readiness to families
- Monitor attendance data and set goals

**TIER 2**
- Provide personalized outreach to families
- Meet with parents to develop an action plan
- Identify and address attendance barriers

**TIER 3**
- Wrap around supports for families

- Missing less than 10% of preschool
- Moderate Chronic Absence = missing 10-19% of preschool
- Severe Chronic absence = missing 20% or more of preschool

Universal

Low Cost

Individualized

High Cost

www.attendanceworks.org
Key Actions for Tier 1

- Create a warm and welcoming school climate
- Celebrate good and improved attendance
- Convey the value of attendance to school readiness
- Monitor data and set goals
Get ready for one of the biggest adventures of your child’s life!

School will be starting soon. These tips can help your children look forward to attending school every day.

Did you know that missing just one or two days of preschool or kindergarten every few weeks can make it harder for children to develop reading skills, and to be prepared for kindergarten or first grade?

**Adventure Time!**

- Take your child to visit the school to see the building
  - If possible, meet their teacher and visit their classroom!
  - Visit with neighbors to see who is going to the same school. It’s always fun to have a buddy.
  - Explore a pick-up and drop off sharing plan with neighbors, or a “Walking School Bus.”
  - Respond right away to outreach from your child’s teacher. Ask any questions you have!

**Story Time!**

- Tell your child positive stories from when you were a young student
  - Make up silly songs about everyday routines: getting up, eating breakfast and going to school.
  - Read to your child each night in your home language.
  - Books can address children’s concerns in playful ways and support conversations.

**Habit Time!**

- Set a standard bed and wake up time a few weeks in advance
  - Let children choose what clothes they’d like to wear the next day.
  - Routines make everyone feel in control, and that’s a good feeling.

**Good Health Time!**

- Make sure your child has the right shots to attend school
  - Ask your child’s teacher about health and safety procedures.
  - Ask questions about any concerns you have related to Covid-19.
  - Schedule non-Covid-19 medical appointments and extended trips when school is not in session.

Preschool through first grade establishes the foundation for relationship building and life-long learning. Help your child gain comfort, self-confidence and delight in these milestone events.

Visit Attendance Works [www.attendanceworks.org for strategies and resources](https://www.attendanceworks.org/resources/handouts-for-families-2/)

Revised October 2021

www.attendanceworks.org
Playful activities with a serious mission

❖ **Routines that Rock!** workshops build on parent creativity and promote family engagement

❖ Encourage parents to think about their own routines

❖ Making charts for and/or with the children

❖ Creating songs and jingles to familiar tunes that children can sing at home and in classroom

Available at: https://www.attendanceworks.org/resources/exercises/
V. Tips on Attendance Teams and Site Planning
Key responsibilities

1. **Leverage data** to implement and evaluate strategies for improving attendance practice as an agency.

2. **Use data** to ensure children and families receive assistance.

3. **Ensure key stakeholders** are involved and consulted in identifying barriers and implementing solution.

4. **Create a plan** for moving forward including setting year long calendar of Tier 1 activities.
Who should participate?

Possible team members include:

Representative(s) from…

- Family Service Staff
- Teaching Staff
- Data Manager or Data Lead (Admin Staff)
- Director or Director’s Office
- Parent Policy Council or Other Family Representatives
- “Front Office” Staff
